Thanks to European case law, donations made to the AZG are deductible from income tax regardless of the country of residence.

Solidarity fund:

Some people have already been able to establish their project of taking up residence at La Gendronnière, THANK YOU!

The AZG has created a solidarity fund to help monks, nuns and bodhisattvas wishing to stay at La Gendronnière for a few weeks or months. This solidarity fund helps them pay their monthly contribution towards the cost of their stay. One of the AZG's missions is to help train the temple's residents.

You can support them in the following ways:

- **Annual donation specifying as subject: Caisse de solidarité**
- **Monthly transfer of 5, 10, 20, 50 euros or more with the following object: Caisse de solidarité**

You will receive a tax receipt at the beginning of next year allowing you to deduct 66% of your donations for the current year from your 2018 taxes.

It was the dearest wish of its founder, Master Taisen Deshimaru, that the Zen temple of La Gendronnière should play its part in the spreading of the Dharma... and the residents of our mother temple participate fully in this.

Since its recent creation, this fund has made it possible to support:

She did the Dharma ceremony of combat (hossenshiki) during the winter session in 2017. She will be your contact in the administration (e-mails and telephone) and at the reception.

Helen Reigetsu Godart She has been living at La Gendronnière from September 2017 to May 2018, during which time she has been responsible for the samu, performing numerous renovation, painting and landscaping tasks, in addition to her responsibilities in the dojo and during rituals.
